### TELLS BY THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on" said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing pormal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

With Irritating Skin Humor-Whole Body Affected - Scalp Itched All the Time and Hair Began to Fall Out-Wonderful Result From

## APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Espe-cially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first appli-cation helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dan-druff out and scalp is always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D.E. Blankenship,

CONSTIPATION

Thirty years ago I made my first public appearance at the Centennial Exposition at Philadelphia. I was a stranger then. People took away specimens of my writing as curiosities. Today everybody knows me and these specimens fill the mail cars.

Every one of my thirty years has been a year of progressboth in quality and sales. The year 1906 is emphasizing my supremacy—my sales for the first quarter breaking all existing records.

Today I am the oldest and still the newest. Not that I was first am I best. but that I am best am I first. I am the product of the second generation of Remington artisanship. My New Models represent the experience of the old combined with the progressiveness of the new. In my present form I embody all the qualities which have made me famous-plus improvements so fundamental as to create a new standard of typewriter work.
